

Javascript Quick Quiz

What is Wrong

These are bug I found in my code what is wrong with the code

1. I want to test if imageCount equals 5 I want it to be reset to 0. How do I fix it?

```
function tick(){
  imageCount++;
  if (imageCount = 5){
    imageCount = 0;
  }
}
```

2. I want to make an array called images and put in strings into it.
what is wrong? How do I fix it?

```
var images;

for (var i=0; i<10;i++){
  images[i] = "a String "+i;
}
```

TypeError: Cannot set property '0' of undefined

3. I want to put objects into the array, the contents of the for loop looks like this
what is wrong? How do I fix it?

```
var images = [];

for (var i=0; i<10;i++){
  var obj;
  obj.id = i;
  obj.name='some String';
}
```

4. I want to put arrays into the array. The contents of the for loop looks like this.
What is wrong? How do I fix it?

```
var images = [];

for (var row=0; row<10;row++){
  for (var col=0; col <10; col++){
    var rowArray
    rowArray[col] = "sampleImage "+row+col
    images[row] =rowArray
  }
}
// or
for (var row=0; row<10;row++){
  for (var col=0; col <10; col++){

    images[row][col] = "sampleImage "+row+col

  }
}
```
